Therefore, in order to ensure environmental protection standards, the Company always complies with regulations on environmental protection, labor safety, etc fire and explosion prevention and fighting and participating in social activities within permitting conditions, updating advanced construction techniques, applying modern machinery and technology to both ensure economic efficiency and safety for the surrounding environment, for construction materials, the Company prioritizes the use of environmentally friendly materials. At the office, the Company prioritizes planting many trees to create a dynamic, friendly working environment, close to nature, and the working room prioritizes the use of natural light. The company believes that with the above policies and policies, it will contribute to creating a green, clean, beautiful environment, etc. environmental protection is also an important goal in the Company's sustainable development plan.
- The Company directs and encourages its employees and members to maximize energy savings, minimize greenhouse gas emissions, mainly use recyclable input materials and control environmentally friendly input fuels.
- Build a working environment to ensure that all employees are safe and healthy, have the opportunity to develop and support themselves and their families. creating stable jobs for local workers. In addition to efforts and efforts in production and business, the Company clearly defines the responsibilities of social enterprises.

5. Risks.

In the process of operation and development, MPT Group Joint Stock Company faces many groups of risks that may affect business efficiency, financial capacity and sustainable development. Identifying, assessing and proactively responding to risks is an important part of the Company's governance strategy.

5.1. Macroeconomic risks

Economic risk is an objective factor, often fluctuating and directly affecting production and business activities. Notable factors include:

- Inflation reduces purchasing power and increases input costs.
- The global economic recession affects exports and investment capital flows.
- Geopolitical fluctuations cause supply chain disruptions, increase energy and raw material prices.
- Monetary policy such as interest rate cuts can lead to credit risks, especially for businesses with high debt ratios.
- Imbalance of labor supply and demand, shortage of high-quality human resources while some industries are redundant.

Response Solutions:

- Strengthen digital transformation, apply technology to optimize costs.
- Diversify markets, reduce dependence on traditional regions.
- Closely follow macro policies to take advantage of support packages and tax incentives.
- Manage cash flow strictly, control costs, and improve financial capacity.
- Train personnel, build a team with high adaptability.

5.2. Legal and Compliance Risks

MPT operates in an increasingly strict legal environment, governed by many laws such as the Law on Enterprises, the Law on Taxation, the Law on Securities, the Law on Environment, the Law on Labor, etc. Changes in policies and regulations may affect the Company's strategy and operations.

- Response Solutions:
- Establish an effective internal control and legal compliance system.
- Regularly update new regulations on taxation, labor, environment, and intellectual property.
- Cooperate with legal consultants to review contracts and assess risks.
- Periodically review the operation process to detect and handle potential risks early.

5.3. Corporate governance risks

- Governance risks arise from a lack of transparency, weak control systems, or internal conflicts of interest. Common manifestations include:
- Lack of clear information between shareholders – management – employees.
- The decision-making process is not strict and lacks verification.
- Personal interests govern strategic decisions.
- Financial management is ineffective, internal audit is weak.
- Inappropriate HR policies, causing disunity and reduced performance.

Response Solutions:

- Enhance transparency in governance, disclose information fully and in a timely manner.
- Develop a clear decision-making process, with inspection and supervision.
- Separating personal interests from corporate interests.
- Improve the capacity of internal audit and financial supervision.
- Innovating HR policies, creating a fair and developed working environment.

5.4. Specific risks and force majeure

- In addition to the above risks, the Company also faces industry-specific risks and force majeure risks such as:
- Competitive pressure from businesses in the same industry, especially in the real estate and commercial sectors.
- Natural disasters, epidemics, wars, and political upheavals can seriously affect production and business activities.
- Risks to brand reputation if there is a communication incident or violation of business ethics.

Response Solutions:

- Develop emergency response scenarios and risk contingency plans.
- Invest in hedging, asset and people protection.
- Strengthen brand governance, transparent communication, and proactively handle crises.
- *Other types of risks.*

Competitive risks, some force majeure risks such as earthquakes, wars, epidemics, etc. can affect the company's operations.

II. OPERATION IN 2025

1. Production and business activities

In 2025, the Company will continue to face many difficulties in terms of market and financial resources. The production of key commodities remained suspended, and business activities

mainly focused on trade and debt settlement. The company has not generated sales and service revenue, but has made efforts to maintain minimum operations, control costs and study industry restructuring to prepare for the recovery period.

2. Business results in 2025

Unit: Million VND

Criteria	Implemented in 2024
Total Revenue	0
Profit before tax	(719)
Profit after tax	(719)
Dividends	-

3. Main Causes:

- The company continues to make provisions for losses to reduce inventory prices and bad debts, significantly reducing profits.
- Production activities have not been restored, while plans to shift new business lines require more time and resources to implement.
- The lack of working capital makes the Company unable to invest in potential fields, slowing down the progress of restructuring and business expansion.

Although the business results in 2025 are still negative, the loss has decreased sharply compared to 2024 (from 17,456 million VND to 719 million VND). This shows that the efforts of the Board of Directors in controlling costs, handling debts and gradually restructuring have brought positive signals.

The Board of Directors believes that if the Company continues to persist with the restructuring strategy, accelerate debt recovery, dispose of inventory and seek new sources of capital, the business results in the coming years will be able to improve markedly, laying the foundation for recovery and sustainable development.

4. Organization and personnel.

- Number of employees, average salary for employees:
 - o The number of employees as of 31/12/2025 is 05 people
 - o The salary is associated with each position, job efficiency and business efficiency of the company.
- Policies related to employees:
 - o The company well performs labor protection, equips personal protective equipment according to the nature of work....
 - o Comply with and fully implement regulations, rules and procedures for fire prevention and fighting.

6.3 Reports related to responsibility to communities and localities.

- The Company has determined that business development must always be associated with responsibility to the social community and this responsibility is the Company's culture. The company clearly defines the responsibility to create stable jobs for local workers as a social responsibility

III. MANAGEMENT REPORTS AND REVIEWS

1. Evaluate the results of production and business activities.

1.1. Business Activities

In 2025, the Company will continue to face many difficulties in terms of market and financial resources. The production of key commodities remained suspended, and business activities mainly focused on trade and debt settlement. The company has not generated sales and service revenue, but has made efforts to maintain minimum operations, control costs and study industry restructuring to prepare for the recovery period.

1.2. Business results in 2025

Unit: Million VND

Criteria	Implementation in 2025
Total Revenue	0
Profit before tax	(719)
Profit after tax	(719)
Dividends	-

Undistributed profit after tax in 2025 will lose VND 719 million, mainly due to the following reasons:

- Operating expenses for business management (428.13 million VND) and other expenses (291.22 million VND) in the context of not generating revenue.
- Production activities have not been restored, while plans to shift new business lines require more time and resources to implement.
- The lack of working capital makes the Company unable to invest in potential fields, slowing down the progress of restructuring and business expansion.

2. Financial situation.

a. Asset situation.

The total asset value in 2025 will be VND 176.98 billion, down VND 0.6 billion, equivalent to a decrease of 0.34% compared to 2024.

- Specific group of declining assets: Short-term receivables of customers

b. Liabilities situation.

Liabilities in 2025 will be VND 10.85 billion, an increase of VND 0.12 billion, a negligible increase compared to 2024. In which: mainly because in 2025 there will be interest on late payment of corporate income tax.

3. Improvements in organizational structure, policies, and management: none

4. Future development plans.

In the context of prolonged difficulties, MPT Group Joint Stock Company has developed a comprehensive restructuring plan, combined with a medium and long-term development strategy to restore operations, improve efficiency and create a foundation for sustainable growth. The plan includes 6 groups of key solutions:

- **Asset revaluation and inventory disposal**
 - Review the entire portfolio of assets, especially inventory, to determine the realizable net value.
 - Conduct the liquidation of inefficient assets or reuse them for other purposes to minimize losses.
 - Negotiate with partners to convert inventory into cash flow or more liquid goods.
- **Debt management and financial optimization**
 - Establish a plan to recover overdue receivables, flexibly apply between negotiation and legal measures.
 - Restructure existing debts, seek debt restructuring, refinancing or debt swaps to reduce financial pressure.
 - Strengthen cash flow control, build a budget to operate close to reality, and ensure short-term solvency.
 - Build a transparent financial management system, standardize accounting and internal audit processes.

- **Investor search and strategic cooperation**
 - Calling for capital from investment funds, financial institutions or strategic partners with the same development orientation.
 - Take advantage of business support programs from the State and international organizations.
 - Expand cooperation with enterprises inside and outside the industry to share resources, technology and markets.
 - Develop a capacity profile and communication strategy to improve reputation and attract investors.
- **Reorient business operations**
 - Re-analyze the market, customer behavior, and industry trends to determine the right business model.
 - Shifting to fields with high growth potential such as real estate, financial investment, and digital trade.
 - Restructure the portfolio of products and services in the direction of streamlining, efficiency and in line with current capacity.
 - Develop a new product development strategy, associated with market demand and competitiveness.
- **Enhance operational efficiency**
 - Review the organizational structure, streamline the management apparatus, eliminate unnecessary intermediaries.
 - Applying digital technology to management, operation and monitoring of work efficiency.
 - Retrain human resources, build a corporate culture towards efficiency, responsibility and innovation.
 - Establish a performance evaluation system (KPI) and a clear reward-punishment mechanism.
- **Strengthening risk management and information transparency**
 - Build an internal control system and risk management according to international standards.
 - Strengthen periodic information disclosure, make financial and governance activities transparent.
 - Establish a monitoring process for legal compliance, business ethics, and social responsibility.
 - Proactively respond to force majeure risks such as natural disasters, epidemics, and market fluctuations.

5. Explanation of the Board of Directors to the audit opinion:

According to the independent audit report No. 79/2026/BCKT-CPA VIETNAM-NV3 of CPA Vietnam Auditing Co., Ltd. dated 05/02/2026.

Regarding the refusal of CPA Vietnam Auditing Co., Ltd. to give opinions on MPT's financial statements as of 31/12/2025, MPT would like to explain as follows:

5.1. Inventory:

"As stated in Explanation No. 5.7 of the Notes to Financial Statements, we are not allowed to witness the inventory of the Company as of 31/12/2025 with the original price of VND 36,995,516,576 due to restrictions on the Company's side. We also fail to collect appropriate audit evidence to verify the existence and net realizable value of the inventory. Therefore, we are unable to determine whether it is necessary to adjust these figures on the Company's Financial Statements for the year ended December 31, 2025."

Company Explanation:

Due to the incomplete handover process between the old and new Board of Directors, the Company does not have detailed inventory records. The company has recorded the value of

inventory according to the accounting books and proactively set aside a 50% discount provision to reflect the actual recovery value.

The company will continue to contact and work with the former Board of Directors to: Review and classify inventory according to quality and consumption capacity and find partners to transfer or liquidate inventory to recover capital and apply appropriate provisioning policies to reflect the actual value.

5.2. Recoverability Receivables and long-term financial investments

"As of 31/12/2025, the balance of receivables (Codes 131, 132, 135, 136) has not been reconciled and confirmed as: 144.91 billion VND (as of 01/01/2025: 146.29 billion VND), long-term financial investment: 11.46 billion VND (as of 01/01/2025 is 11.46 billion VND); the balance of liabilities (Codes 311, 312) that have not been reconciled and confirmed is: 7.96 billion VND (as of 01/01/2025: 7.96 billion VND). We have carried out audit procedures but have not been able to collect sufficient appropriate audit evidence to verify the existence of these receivables, payables, long-term financial investments and provisions to be set aside as prescribed. Therefore, we are unable to determine whether it is necessary to revise these figures in the Company's Financial Statements for the year ended December 31, 2025."

Company Explanation:

The incomplete handover of the dossier makes it difficult to reconcile debts. The company has contacted customers to confirm, but many units have changed their addresses and phone numbers, so they have not been able to do so. Currently, debts are still recorded at book value.

The company has established a dedicated debt management department, strengthened direct contact with customers, and will apply legal measures when necessary, and at the same time review all long-term financial investments, evaluate their effectiveness, and come up with a handling plan.

5.3. The Company's Continuity of Operation

"The Company does not operate in production and business, does not generate revenue in the year, receivables are overdue, potential bad debts mentioned above and the value of inventory has not been determined, the net realizable value with a total value of VND 165.20 billion, accounting for 93.34% of the total asset value and 99.44% of the Company's equity as of 31/12/2025, resulting in a significant shortage of working capital for business activities. These conditions indicate the existence of material uncertainties that could lead to significant doubts about the Company's ability to continue operating. The Company's ability to continue operating depends on whether the Company is able to recover the aforementioned receivables. By audit procedures, we are unable to determine whether the Financial Statements for the financial year ended December 31, 2025, which were prepared with the assumption that the Company will continue to operate continuously, are appropriate."

Company Explanation:

Although the Company has temporarily suspended its main production activities (clothing, socks, etc.), it has no intention of terminating all business activities. The new management is actively handling outstanding debts, looking for partners to transfer inventory, and researching potential new industries.

The company is re-evaluating its current industry, gradually transforming into a more potential and effective field, and seeking opportunities for strategic cooperation with domestic and foreign partners, liquidating fixed assets that are no longer in line with the business orientation, and continuing to improve the internal management system. strengthen financial control and information transparency.

IV. REVIEW OF THE BOARD OF DIRECTORS ON THE COMPANY'S PERFORMANCE

1. Evaluation of the Company's operations

Human resource organization

In 2025, the Company will continue to maintain a lean personnel structure with a team of competent staff, in accordance with the actual situation. The Board of Directors recognizes the efforts of the Executive Board in developing and perfecting internal management regulations, ensuring transparency and efficiency in administration. The company has focused on training, improving management and professional skills for key staff, creating a foundation for the implementation of restructuring plans.

Business activities

In 2025, the Company has not yet restored the production of key products, business activities mainly focus on trade and debt settlement. The Board of Directors has actively worked with customers and partners to resolve outstanding debts, and at the same time gradually researched and reoriented the business line. As a result, the Company has recovered an additional part of the debt, reducing financial pressure and creating conditions to prepare for new business plans.

2. Evaluation of the activities of the Board of Directors

The Board of Directors appreciates the efforts of the Board of Directors in maintaining operations, controlling costs, and seeking opportunities for cooperation in difficult contexts. However, the Company has not yet achieved the planned business targets due to many reasons:

- **Macroeconomic context:** In 2025, Vietnam's economy will continue to grow but will still be affected by the global economic slowdown, geopolitical fluctuations and financial markets. This affects the Company's commercial activities, especially in the field of import and export.
- **Inventory and liabilities:** The provision for inventory losses and bad debts continues to reduce profits. The company has not been able to quickly convert these assets into cash flow.
- **Limited financial resources:** The company lacks working capital to implement the new business model. Access to capital from banks and financial institutions is difficult due to unfavorable credit history.
- **Legal and policy factors:** Some changes in legal regulations related to the field of real estate and financial investment make the Company need more time to adjust and adapt, slowing down the implementation of the plan.

3. Orientation and recommendations of the Board of Directors

To overcome the limitations and prepare for a new phase of development, the Board recommends:

- Continue to restructure business lines, focusing on real estate, trade and financial investment.
- Promote debt collection and inventory handling to improve cash flow.
- Looking for strategic partners and investment funds to supplement capital and technology.

4	Ms. Tran Thi Thuy Linh	Members	0	0%	Newly elected on 14/07/2025

b. Activities of the Supervisory Board

In 2025, the Supervisory Board has fully performed its functions and tasks in accordance with the Law on Enterprises, the Company's Charter and the Resolution of the General Meeting of Shareholders. The Supervisory Board organized **04 official meetings** and many regular supervision activities, focusing on the following key contents:

- Supervising the activities of the Board of Directors (BOD):** The Supervisory Board has reviewed and evaluated the implementation of the 2025 business plan, as well as other tasks approved by the General Meeting of Shareholders. The results show that the Board of Directors has maintained transparency in management, but the progress of implementing the restructuring plan is still slow compared to the set target.
- Review the internal management system:** Examine and evaluate the Company's internal management regulations and regulations; consider the reasonableness, feasibility and level of compliance in the application process. The Supervisory Board has proposed to supplement a number of regulations to enhance the effectiveness of risk control and improve governance capacity.
- Evaluation of management and administration:** The Supervisory Board has inspected the performance of the management functions of the Board of Directors and the Board of Directors, assessed the legality, reasonableness and timeliness in executive decisions. Overall, the Board of Directors has made efforts to maintain commercial operations, handle debts, and control costs, but there is still a need to improve its capacity to implement new business models.
- Examination of financial statements:** The Supervisory Board has verified quarterly and semi-annual financial statements and financial statements in 2025 to assess the truthfulness and reasonableness of the data. The provision for inventory and bad debts continues to greatly affect business results, which is a key issue that needs to be prioritized by the Board of Directors and the Board of Directors.
- Supervision of information disclosure:** The Supervisory Board monitors compliance with legal regulations on information disclosure. The company has made periodic and irregular

information disclosures as required, but the Supervisory Board recommends that the quality, timeliness and transparency should be further improved to strengthen the trust of shareholders and investors.

- **Evaluating the promulgation and implementation of Resolutions and Decisions:** The Supervisory Board has inspected the process of promulgating and implementing Resolutions and Decisions of the Board of Directors and the Board of Directors, ensuring legality, reasonableness and suitability with the actual situation.
- **Other tasks:** The Supervisory Board also participates in supervising a number of other activities according to its function, including compliance with labor laws, insurance and tax obligations, and makes recommendations to improve the effectiveness of risk management.

Conclusion: The Supervisory Board believes that the Company has made strides in maintaining commercial operations, handling debts and controlling costs, but there are still many challenges in terms of finance and business model. The Supervisory Board recommends that the Board of Directors and the Board of Directors should:

- Strengthen risk management and internal controls.
- Promote debt collection and inventory handling.
- Improve the quality of information disclosure to ensure transparency.
- Actively seek capital and strategic partners to support the restructuring process.

3. Transactions, remuneration and benefits of the Board of Directors, the Board of Directors and the Supervisory Board.

a. Salary, bonuses, remuneration, benefits.

- Board of Directors and Supervisory Board: no remuneration and benefits in 2025
- Board of Directors: 75,221,897 VND

b. Insider shareholder shareholder trading: none

c. Contracts or transactions with internal shareholders: none

d. The implementation of regulations on corporate governance.

The Company always complies with the regulations on corporate governance, in 2025

The company found that there was no content that had not been implemented.

INDEPENDENT AUDITORS' REPORT

To: **Shareholders**
Boards of Management, Supervisors and General Directors
MPT Group Joint Stock Company

We have audited the accompanying financial statements of MPT Group Joint Stock Company as set out on pages 05 to page 25, prepared on 05/02/2026 including the Balance sheet as at 31/12/2025, and the Income Statement, and Cash flows Statement for the year then ended, and Notes to the financial statements.

Responsibility of the Board of General Directors

The Company's Board General of Directors is responsible for the true and fair preparation and presentation of these financial statements in compliance with Vietnamese Accounting Standards, Vietnamese Accounting System and the statutory requirements relevant to the preparation and presentation of the financial statements, and for the internal control as the Board of General Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibility of Auditors

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. However, due to the matter described in the section 'Basis for Disclaimer of Opinion,' we were unable to obtain sufficient appropriate audit evidence as a basis for expressing an audit opinion."

Basis for Disclaimer of Opinion

As presented in Note 5.7 of the Notes to the Financial Statements, we were not present to witness the Company's inventory count as of December 31, 2025, at a cost of VND 36,995,516,576 due to limitations imposed by the Company. We also did not obtain appropriate audit evidence to verify the existence and net realizable value of the inventory. Therefore, we cannot determine whether adjustments to these figures are necessary in the Company's Financial Statements as of December 31, 2025.

As of December 31, 2025, the outstanding balances of accounts receivable (Codes 131, 132, 135, 136) that have not been reconciled and confirmed are: VND 144.91 billion (as of January 1, 2025: VND 146.29 billion); the outstanding balances of long-term financial investments that have not been reconciled and confirmed are: VND 11.46 billion (as of January 1, 2025: VND 11.46 billion); and the outstanding balances of accounts payable (Codes 311, 312) that have not been reconciled and confirmed are: VND 7.96 billion (as of January 1, 2025: VND 7.96 billion). We have performed audit procedures but were unable to obtain sufficient appropriate audit evidence to verify the existence of these accounts receivable, accounts payable, long-term financial investments, and required provisions. Therefore, we cannot determine whether adjustments to these figures in the Company's financial statements as of December 31, 2025, are necessary.

The company is not engaged in production or business activities, has not generated any revenue during the year, its accounts receivable are overdue and pose the aforementioned risk of non-collection, and the net realizable value of inventory, totalling VND 165.20 billion, represents 93.34% of total assets and 99.44% of the company's equity as of December 31, 2025, resulting in a significant shortage of working capital for business operations. These conditions indicate the existence of material uncertainties that may lead to significant doubt about the company's ability to continue operating. The company's ability to continue operating depends on whether it can recover the aforementioned accounts receivable. Through our audit procedures, we are unable to determine whether the financial statements for the fiscal year ended December 31, 2025, prepared on the assumption that the Company will continue to operate, are appropriate.

Disclaimer of opinion

Due to the significance of the matters described in the section 'Basis for Disclaimer of Opinion,' we cannot obtain sufficient appropriate audit evidence as a basis for an audit opinion. Therefore, we do not express an audit opinion on the financial statements of MPT Group Joint Stock Company for the fiscal year ended December 31, 2025.

Board of General Directors

Mr. Hoang Viet Lan	General Director
Mr. Luu Quang Minh	Deputy General Director

SUBSEQUENT EVENTS

According to the Board of General Directors, in all material respects, there have been no other significant events occurring after the balance sheet date, affecting the financial position and operation of the Company which would require adjustments to or disclosures to be made in the financial statements for the year ended 31 December 2025

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (CONTINUED)

AUDITORS

The Company's financial statements for the year ended 31 December 2025 have been audited by CPA VIETNAM Auditing Company limited - A Member Firm of INPACT.

THE BOARD OF GENERAL DIRECTORS' RESPONSIBILITY

The Company's Board of General Directors is responsible for preparing the financial statements, which give a true and fair view of the financial position of the Company as at 31/12/2025 as well as of its income and cash flows statements for the year then ended, complying with Vietnamese Standards on Accounting, Vietnamese Accounting System and relevant regulations in preparation and disclosure of financial statements. In preparing these financial statements, the Board of General Directors is required to:

- Select appropriate accounting policies and apply them consistently;
- Make judgments and estimates prudently;
- State clearly whether the Accounting Standards applied to the Corporation are followed or not, and all the material differences from these standards are disclosed and explained in the Financial Statements;
- Design and implement effectively the internal control system in order to ensure that the preparation and presentation of the Financial Statements are free from material misstatements due to frauds or errors;
- Prepare the Financial Statements of the Company on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate;

The Board of General Directors is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Company and to ensure that the financial statements comply with Vietnamese Standards on Accounting, Vietnamese Accounting System and relevant legal regulations in preparation and presentation of the financial statements. The Board of General Directors is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

The Board of General Directors confirms that the Company has complied with the above requirements in preparing the financial statements.

INDEPENDENT AUDITORS' REPORT

To: **Shareholders**
Boards of Management, Supervisors and General Directors
MPT Group Joint Stock Company

We have audited the accompanying financial statements of MPT Group Joint Stock Company as set out on pages 05 to page 25, prepared on 05/02/2026 including the Balance sheet as at 31/12/2025, and the Income Statement, and Cash flows Statement for the year then ended, and Notes to the financial statements.

Responsibility of the Board of General Directors

The Company's Board General of Directors is responsible for the true and fair preparation and presentation of these financial statements in compliance with Vietnamese Accounting Standards, Vietnamese Accounting System and the statutory requirements relevant to the preparation and presentation of the financial statements, and for the internal control as the Board of General Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibility of Auditors

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. However, due to the matter described in the section 'Basis for Disclaimer of Opinion,' we were unable to obtain sufficient appropriate audit evidence as a basis for expressing an audit opinion."

Basis for Disclaimer of Opinion

As presented in Note 5.7 of the Notes to the Financial Statements, we were not present to witness the Company's inventory count as of December 31, 2025, at a cost of VND 36,995,516,576 due to limitations imposed by the Company. We also did not obtain appropriate audit evidence to verify the existence and net realizable value of the inventory. Therefore, we cannot determine whether adjustments to these figures are necessary in the Company's Financial Statements as of December 31, 2025.

As of December 31, 2025, the outstanding balances of accounts receivable (Codes 131, 132, 135, 136) that have not been reconciled and confirmed are: VND 144.91 billion (as of January 1, 2025: VND 146.29 billion); the outstanding balances of long-term financial investments that have not been reconciled and confirmed are: VND 11.46 billion (as of January 1, 2025: VND 11.46 billion); and the outstanding balances of accounts payable (Codes 311, 312) that have not been reconciled and confirmed are: VND 7.96 billion (as of January 1, 2025: VND 7.96 billion). We have performed audit procedures but were unable to obtain sufficient appropriate audit evidence to verify the existence of these accounts receivable, accounts payable, long-term financial investments, and required provisions. Therefore, we cannot determine whether adjustments to these figures in the Company's financial statements as of December 31, 2025, are necessary.

The company is not engaged in production or business activities, has not generated any revenue during the year, its accounts receivable are overdue and pose the aforementioned risk of non-collection, and the net realizable value of inventory, totalling VND 165.20 billion, represents 93.34% of total assets and 99.44% of the company's equity as of December 31, 2025, resulting in a significant shortage of working capital for business operations. These conditions indicate the existence of material uncertainties that may lead to significant doubt about the company's ability to continue operating. The company's ability to continue operating depends on whether it can recover the aforementioned accounts receivable. Through our audit procedures, we are unable to determine whether the financial statements for the fiscal year ended December 31, 2025, prepared on the assumption that the Company will continue to operate, are appropriate.

Disclaimer of opinion

Due to the significance of the matters described in the section 'Basis for Disclaimer of Opinion,' we cannot obtain sufficient appropriate audit evidence as a basis for an audit opinion. Therefore, we do not express an audit opinion on the financial statements of MPT Group Joint Stock Company for the fiscal year ended December 31, 2025.

NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 December 2025

1. GENERAL INFORMATION

1.1 Structure of ownership

MPT Group Joint Stock Company (hereinafter referred to as the "Company") was renamed from Truong Tien Group Joint Stock Company, formerly Phu Thanh Garment Joint Stock Company, established and operating under the Business Registration Certificate No. 0500578254 issued by the Hanoi Department of Planning and Investment (now the Hanoi Department of Finance) on January 15, 2008, with subsequent amendments, including the 15th amendment on October 15, 2021.

The Company's Charter capital under the Certificate of Business Registration changed for the 15th time on 15/10/2021 is VND 171,071,640,000 (*In Word: One hundred and seventy-one billion, seventy-one million, six hundred and forty thousand dong.*)

The Company's shares are traded on the UpCOM stock exchange under the ticker symbol: MPT. Trading of the Company's shares has been restricted since June 2nd, 2021, according to Notice No. 1925/TB-SGDHN dated May 31st, 2021, issued by the Hanoi Stock Exchange. The number of shares subject to trading restrictions is 17,107,164 shares.

The total number of the Company's employees as at 31/12/2025 is 05 person (as at 31/12/2024 was 05 people).

1.2 Operating industries and principal activities

The Company's Business Activities: manufacturing, processing, and trading of garments; petroleum trading; brokerage; and real estate business.

Business Sectors:

- Manufacturing of apparel (excluding fur clothing); yarn production; woven fabric production; textile finishing; production of knitted fabrics, crocheted fabrics, and other non-woven fabrics;
- Other specialized wholesale not elsewhere classified; production of other textile products not elsewhere classified; printing-related services; printing;
- Wholesale of other household goods; manufacturing of beds, wardrobes, tables, and chairs; production of construction wood products; manufacturing of other wood products; production of products made from bamboo, rattan, straw, and woven materials; wholesale of machinery, equipment, and spare parts; wholesale of fabrics, ready-made garments, and footwear; general wholesale;
- Wholesale of food products, including sugar, milk and dairy products, confectionery, and processed grain, flour, and starch products; production of various types of baked goods; retail of food, beverages, tobacco, and cigarettes, which account for a major portion of sales in specialized stores;
- Wholesale of solid, liquid, and gaseous fuels and related products;

The Company's main activities during the year: No business operations occurred.

1.3 Normal operating cycle

The Company's normal operating cycle is 12 months.

1.4 Effects of the Company's operation during the year on the Financial Statements.

Since the 2020 fiscal year, the Company has temporarily suspended its main business activities, such as the production of clothing and socks. The Company's 2025 business plan focuses on commercial trading activities while gradually restructuring its organization and developing its workforce to transition into new business sectors. The Company aims to seek cooperation and investment opportunities in the real estate sector and expand its commercial trading activities both domestically and internationally.

1.5 Statement of information comparability on the financial statements

The Board of Directors ensures to follow all the requirements of the Vietnamese Accounting Standards and System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014 and Circular No. 53/2016/TT-BTC on amending and supplementing a number of articles of Circular No. 200/2014/TT-BTC dated December 22, 2014 issued by the Ministry of Finance. Therefore, the information and figures presented in the financial statements are comparable.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2025

2. FISCAL YEAR AND ACCOUNTING CURRENCY

Fiscal year

The Company's fiscal year applicable for the preparation of its Financial Statements starts on 1st January and ends on 31st December of solar year.

Accounting currency

The accompanying financial statements are expressed in Vietnam Dong (VND).

3. ACCOUNTING STANDARDS AND SYSTEM

Accounting System

The Company applied to Vietnamese Accounting System promulgated under Circular No. 200/2014/TT-BTC dated 22 December 2014 issued by the Ministry of Finance and Circular No. 53/2016/TT-BTC dated March 21, 2016 amending and supplementing a number of articles of Circular 200/2014/TT-BTC dated December 22, 2014.

Statements for the compliance with Accounting Standards and System

The Board of General Directors ensures to follow all the requirements of the Vietnamese Accounting Standards and System, which were issued to guide the preparation and presentation of the Financial Statements for the year ended 31 December 2025.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation of the financial statements

The attached financial statements are expressed in Vietnam Dong (VND), under the historical cost convention and in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System and legal regulations relevant to the preparation and presentation of financial statements.

The accompanying financial statements are not intended to present the financial position, operating results, and cash flows in accordance with generally accepted accounting principles and practices in countries other than Vietnam.

Going concern assumption

The company is not engaged in production or business activities, has not generated any revenue during the year, its accounts receivable are overdue and pose the aforementioned risk of non-collection, and the net realizable value of inventory, totalling VND 165,20 billion, representing 93.34% of total assets and 99.44% of equity as of December 31, 2025, is undetermined. This results in a significant shortage of working capital for the company's operations. These conditions indicate the existence of material uncertainties that may lead to significant doubt about the company's ability to continue as a going concern. The company's ability to continue as a going concern depends on whether it can recover the aforementioned accounts receivable.

The Board of General Directors have decided to prepare the financial statements for the fiscal year ended December 31, 2025, on a going concern basis. The accompanying financial statements do not include any adjustments that may arise from the outcomes of the aforementioned events.

Accounting estimates

The preparation of the financial statements in conformity with Vietnamese Accounting Standards requires the Board of General Directors to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the fiscal year. Actual results may differ from those estimates and assumptions.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2025

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and cash equivalents

Cash comprises cash on hand, bank deposits and cash equivalents. Cash and bank deposits are recognized based on actual cash inflows and outflows.

Financial investments

Loans: Recognized at historical cost based on loan agreements/contracts between parties and not traded on the stock market. Interest income from lending activities is recorded as financial income during the year.

When there is conclusive evidence that a portion or the entirety of a loan may be uncollectible, and the loss can be reliably measured, the loss is recognized as a provision for doubtful debts and recorded as an administrative expense for the year.

Other investments: are recorded at cost

The provision for impairment is based on the fair value of the investment at the time of recognition. If the fair value cannot be determined, the provision is based on the losses incurred by the investee. The loss of the investee enterprise, which serves as the basis for provisioning, is determined based on the consolidated financial statements if the investee is a parent company. If the investee is an independent enterprise without subsidiaries, the provision is determined based on its individual financial statements.

Receivables

The receivables comprise the customer receivables and other receivables. Receivables are recognized at the carrying amounts less allowances for doubtful debts.

Allowance for doubtful debts is assessed and made for overdue receivables that are difficult to be collected, or the debtor is unable to pay due to dissolution, bankruptcy or similar difficulties.

Inventories

Inventories are measured at the lower of cost and net realizable value. Cost of inventories comprise costs of direct materials, direct labor, and general operation (if any) incurred in bringing the inventories to their present location and conditions.

Net realizable value is the estimated selling price of inventory items less all estimated costs of completion and costs of marketing, selling and distribution.

The Company uses the perpetual inventory method and the inventory cost is calculated using the weighted average cost method

The Company's allowance for impairment of inventories is made when there is reliable evidence of impairment of the net realizable value compared to the history cost of inventories.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
For the year ended 31 December 2025

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tangible fixed assets and Depreciation

Tangible fixed assets are stated at history cost less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Company to bring the asset to its working condition for its intended use.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives as follows:

	<u>Years</u>
Buildings, structures	06 - 10
Motor vehicles	06 - 10
Office equipment	03 - 05

Prepaid expenses

Prepaid expenses comprise actual expenses arising but relevant to financial performance in several accounting periods. The Company's prepaid expenses includes.

Prepaid expenses are recognized at historical cost and classified as short-term or long-term on the Balance Sheet based on the prepayment period of each contract.

Long-term prepaid expenses related to tools and equipment are initially recognized at historical cost and allocated using the straight-line method over a period not exceeding 24 months.

Payables

The account payables are monitored in details by payable terms, payable parties, original currency and other factors depending on the Company's management requirement.

The account payables include payables as trade payables, loans payable, intercompany payable and other payables which are determined almost certainly about the recorded value and term, which is not carried less than amount to be paid. They are classified as follows:

- Trade payables: reflect payables of commercial nature arising from the purchase of goods, services, or assets, payables for import through trustees of which the seller is an independent entity with the Company.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

Loans and finance lease liabilities

Loans and finance lease liabilities include loans, financial leases, excluding loans in the form of bonds or preference shares with terms that the issuer is required to repurchase at a certain point in the future.

The Company monitors loan amounts and financial liabilities in details by each type and classifies them into short-term and long-term according to repayment term.

Expenses directly related to the loan are recognized to financial expenses, except for expenses incurred from a separate loan for investment, construction or production in progress, which are capitalized according to Accounting Standard "Borrowing costs".

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2025

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued expenses

Accrued expenses are those already recorded in operating expenses in the period/year but not actually paid to ensure that when these expenses actually occur, they will not have a significant influence on operating expenses based on matching principle between income and expenses.

The Company recognizes Accrued expenses as follows:

- Accrued loan interest expenses: Recognized in advance according to the loan agreement.
- Other expenses serving production and business activities: Recognized based on the amount payable in the future for goods, assets, and services already received, but for which the Company has not yet received sufficient valid invoices and documents.

Owners' equity

Capital is recorded according to the actual amounts invested by owners.

The Company's profit after tax is allocated for dividend distribution to shareholders after approval by the General Meeting of Shareholders at the Annual General Meeting and after the required reserves have been allocated in accordance with the Company's Charter.

Dividends are declared based on the approval of the Annual General Meeting of Shareholders' Resolution.

Equity reserves are allocated in accordance with the Company's Charter, with specific allocation levels determined based on the approval of the General Meeting of Shareholders at the Annual General Meeting.

Revenue and other income

Revenue from sale of goods and products

Revenue from sale of goods shall be recognized when it satisfies all the five (5) conditions below:

- The Company has transferred to the buyer the significant risks and reward of ownership of the goods;
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- Costs related to transactions can be determined

Revenue from services

Revenue from services is recognized when the outcome of that transaction can be reliably determined. Where a transaction involving the rendering of services is attributable to several periods, revenue is recognized in the year by reference to the percentage of completion of the transaction at the balance sheet date of that period. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; ;
- Identify the completed work as at the balance sheet date; and
- Determine the costs incurred for the transaction as well as the cost to complete the transaction to provide that service.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2025

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue from interest income, dividends and profits received and other income

For interest, dividends, distributed profits, and other income, revenue is recognized when the Company is likely to obtain economic benefits from these activities and the amount can be reasonably determined.

Cost of goods sold

Includes the cost of goods sold for products, goods, and services sold during the year (including depreciation expenses, repair costs), recognized in line with revenue.

For abnormal losses of direct raw materials, labor costs, and unallocated fixed manufacturing overheads, these costs are immediately recognized in the cost of goods sold (after deducting any compensation received, if applicable), even if the products or goods have not yet been classified as sold.

Recognition and capitalization of Borrowing costs

All other borrowing costs are recognised in the Income statement when incurring, except for the borrowing cost capitalized under Vietnamese Accounting Standards "Borrowing cost".

The Company's borrowing costs include:

- Loan interest, recognized monthly based on the outstanding loan principal, loan interest rate, and actual borrowing period.
- Fees payable related to loan guarantees.

Current corporate income tax expense and deferred corporate income tax expense

Corporate income tax expenses (or corporate income tax income): is total current and deferred income tax expenses (or total current and deferred tax) in determining profit or loss of a period.

Current income tax expenses: are corporate income tax payable calculated on taxable profit during the year and current corporate income tax rate.

The Company has an obligation to pay corporate income tax at the rate of 15% on taxable profits.

The determination of the Company's income tax is based on current tax regulations. However, these regulations change from time to time and the final determination of corporate income tax depends on the examination results of the competent tax authorities.

Earnings per share

Basic earnings per shares is calculated by dividing net profit (loss) after tax for the year attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

Related parties

A party is considered a related party of the Company in case that party is able to control the Company or to cause material effects on the financial decisions as well as the operations of the Company. A party is also considered a related party of the Corporation in case that party is under the same control or is subject to the same material effects.

When considering the relationship of related parties, the nature of relationship is focused more than its legal form.

Segment reporting

A business segment is a distinguishable component of the Company that is engaged in manufacturing or providing products or related services (by business segment) or in providing products or services within a particular economic environment (geographical area) which is subject to risks and returns that are different from those of other segments. The Board of General Directors confirms that the Company operates in business segments related to trade and within a single geographic area, Vietnam. Therefore, the Executive Board considers it unnecessary to present segment reporting.
